Regarding the fabrication of quake-resistance data by Fujiken Office

We would like to announce our examination results concerning the fabricated quake-resistance design data made by Fujiken Office.

Upon conducting a research on all condominiums on sale and condominiums that have been already finished and handed over, we have confirmed that there is no relationship between Goldcrest and Fujiken Office.

We will continue to comply with the relevant laws and regulations, secure the quality of the condominiums to meet the customers' needs, and aim to develop sophisticated condominiums for our customers.
